## GAMES

### 1. Cricket

- (a) In a game of Cricket, an Overkill situation occurs when a team is ahead by 200 or more points. This means that no points are awarded even if the leading team hits a scoring number. As a matter of courtesy to your opponent, an Overkill situation is not advisable.
- (b) In a TIE situation, where game ends at 15th round with both teams having the same score,
- the player / team who closes all the houses wins the game; or
  - if all the houses are not closed, both teams will do a “Bulls-Up”, **follow the same sequence as the tied leg**. The team with dart closes to center bull will win the leg. (Press P4 – Revise Winner and select Home Win or Away Win)

### 2. x01

#### (a) **Normal x01**

In a TIE situation where both teams are unable to check out,

- Select player / team with lowest points as winner; or
- If both teams have the same points left, both teams will do a “Bulls-Up”, **follow the same sequence as the tied leg**. The team with dart closes to center bull will win the leg. (Press P4 – Revise Winner and select Home Win or Away Win)

#### (b) **Freeze Rule**

In a TIE situation where both teams are unable to check out,

- Select team with **total** lowest points as winner; or
- If both teams have the same points left, both teams will do a “Bulls-Up”, **follow the same sequence as the tied leg**. The team with the dart closest to the center bull hole will win the leg. (Press P4 – Revise Winner and select Home Win or Away Win)

### 3. Half-It/Count-Up/Shoot-Out

In a TIE situation where both teams happen to have the same score, both teams will do a “Bulls-Up”, **follow the same sequence as the tied leg**. The team with the dart closest to the center bull hole will win the leg. (Press P4 – Revise Winner and select Home Win or Away Win)

#### **\*IMPORTANT TO NOTE\***

“Bulls-Up” applies to all games, except for games with fixed number of rounds such as COUNT-UP/ HALF-IT / SHOOTOUT, in the following order:

1<sup>st</sup> Step: Machine coin flip feature (Cork) first

2<sup>nd</sup> Step: Winner of cork proceeds with ‘Bulls-Up’, follow by opponent

3<sup>rd</sup> Step: Dart closest to the center of the bull’s eye starts the game.

1<sup>st</sup> leg (Bulls-Up); 2<sup>nd</sup> leg (loser of 1<sup>st</sup> leg goes first); 3<sup>rd</sup> leg (repeat 1<sup>st</sup> – 3<sup>rd</sup> Step)

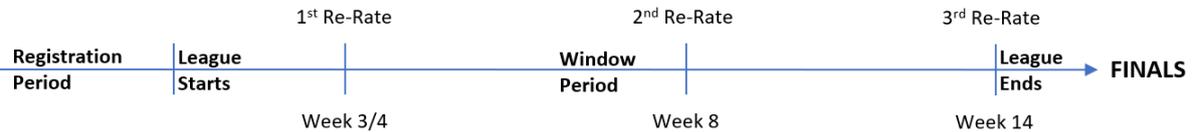

For games with fixed rounds for both teams (such as COUNT-UP/ HALF-IT / SHOOTOUT), the 1<sup>st</sup> step will determine who goes first.

**\*SURVIVOR will require “Bulls-Up”**

## RE-RATE SYSTEM

League Management reserves the rights to re-rate players to maintain parity in the League System.

1. The Re-rate for all players, all Divisions, will be done at the same time, regardless of the number of teams in each division.
2. There will be 3 rounds of Re-Rate:

- a. 1<sup>st</sup> Round: After 3 to 4 Weeks of games
- b. 2<sup>nd</sup> Round: After Window Period
- c. 3<sup>rd</sup> Round: After the Last Games are played

New Ratings will apply with effect from the next match after each re-rate is conducted. It is anticipated that total team points may increase after each re-rate.

### **SUPERNOVA Individual Rating Limit**

Individual player rating cannot be **3 or more points** higher than registered/last Re-rate rating at any one time in the league season, else player will be immediately disqualified from the team.

### **SUPER 2 Flights (AA/A/BB/B/CCC/CC) Team Total Rating Point Limit**

Team Total Rating Points (Total of 2 highest rated players) after each re-rate Round cannot be **5 or more points** (at any point) higher than the Flight Team limit allowed.

| <b>Flight Max Cap (Only for Season 10)</b> |           |           |           |            |           |
|--|-----------|-----------|-----------|------------|-----------|
| <b>AA</b>                                  | <b>A</b>  | <b>BB</b> | <b>B</b>  | <b>CCC</b> | <b>CC</b> |
| <b>27</b>                                  | <b>23</b> | <b>20</b> | <b>18</b> | <b>16</b>  | <b>14</b> |

Example:  
 AA Limit Entry Limit: **27**

In this case, 1 of the top 2 players have to be replaced to maintain the Flight Limit; New player can only be added during the Window Period.

## SANDBAGGING

A sandbagger is a player who intentionally submits his/her rating (or allow to be submitted) at a much lower rating than his/her actual rating OR manipulates their game average (e.g. by throwing outs or intentional missing) to lower their rating, in order to gain advantage by way of handicap score or ranking position. Such action demeans the game, shows poor sportsmanship and damages the reputation of the League and all its players. The League Organizer does not condone such behavior.

- (a) Team Captains are responsible to verify that his/her team members' ratings, as reported in the league, are accurate at all times;
- (b) Any team captain may file an official complain along with details of the offending player and description of the incident(s). Any evidence submitted (such as stats, other card rating, video/ picture) would also be useful
- (c) If the League Master discovers that a player has been sandbagging or playing with a rating that is drastically different than his True\* rating, the League Master will exercise his/her rights to impose Sandbagging Penalties as follows:
  - i. The player will be immediately removed from the current league season and/or suspended for a minimum period of 3 months to a maximum of 12 months (for repeat offenders); During the suspension period, offending player will be banned from joining all DARTSLIVE Official Leagues, games, events and/or national selections.

Although the player will be immediately removed from current league season, the player may remain in other ongoing league(s) (where applicable), subject to re-rate to \*true rating and provided \*true rating is within allowable division limit;  
\*true rating = rating at point of discovery

- ii. All games played by the offending player will be reversed accordingly to the point of discovery of this offence: -
  - the beginning of league, if discovered during the season's first half OR
  - end of season's first half, if discovered during the second half of season OR
  - if player was added during window period, then all games played by the offending player since window period
- (d) Offending player will be disqualified and lose all awards, prizes and recognitions achieved during the league.
- (e) The Captain of such player may also be warned and/or asked to step down from being captain for the current or future league seasons but may continue to play as a regular player in the current league season.
- (f) The Offending player or the team captain may file an appeal. The League management will only evaluate such appeal on a case-by-case basis.
- (g) The Offending player or the team captain may file an appeal. The League management will only evaluate such appeal on a case-by-case basis.
- (h) The team captains are reminded to take note of their team players league rating. Either the captain or the player should request for a rating adjustment any time during the season, if their performance have improved much faster than their league rating. This will avoid the player from being caught or accused as a sandbagger.
