# 01 ZERO-ONE GAMES

DARTSLIVE3 THE GAME GUIDE

## Reduce your score to exactly 0!

### Rules

This is a game to reduce assigned score to exactly 0. The first player to reduce the score to exactly 0 wins. When the remaining points go below 0, it's called a "BUST". Your next round starts with the score you had before the BUST.

### Tip!

First aim at BULL and try to make the remaining points easy to finish. 301 is recommended for beginners.

### 6 types of 01 games

Recommended for beginners!!

EASY

HARD

Making your score exactly 0 is the most exciting part of 01 game! If you play the 01 game with high score, it may not be that fun.

When you get a chance to check out, what to hit appears above your score.

When you are close to finishing the game, the board helps you to check out. Hit the illuminated target number.

# 02 CRICKET GAMES

DARTSLIVE3 THE GAME GUIDE

# STANDARD CRICKET

A classic game over the powerful spots!

## Rules

Only the areas of 15 to 20, and BULL are the target. Once a player gets 3 marks, the number will be open and the player scores points by hitting the area.

## Tip!

You can void your opponent's open area by getting 3 marks on the number.

# HIDDEN CRICKET

CRICKET game to find hidden targets!

## Rules

A CRICKET game where the numbers are hidden at the start of the game. The targets are set randomly, and you won't know until you hit it. The rest of the rules are the same as STANDARD CRICKET.

## Tip!

If you hit and find the hidden target first, you get 1 mark as a bonus, giving you the advantage.

# 03 PRACTICE GAMES

DARTSLIVE3 THE GAME GUIDE

# CENTER COUNT-UP

## Score shows your real strength!

### Rules

New concept COUNT-UP game. The closer you hit the center, the higher the score. Hone your skills and sharpen your focus with this simple game.

### Tip!

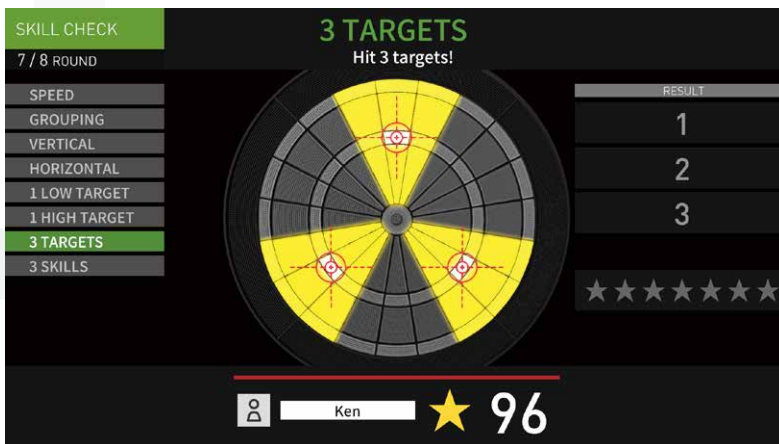

The inner BULL has the highest score: 600 points. The highest possible score is 14,400 points. Aim for 8,000 points first!

# SKILL CHECK

## Darts Skill Check

### Rules

Diagnose your darts skills based on 8 elements, such as proper grouping, stability, and speed and hitting accuracy, including horizontal and vertical deviations. Check your skills objectively.

### Tip!

Skills are checked in each round and results are shown using stars. Set the elements with fewer stars, areas you are not good at, as a full round game from the game options to focus practicing those areas.

# COUNT-UP

Play this first! Just hit the high numbers!

## Rules

Players compete for the highest score after completing all rounds.

## Tip!

You can aim at a Triple but try the larger center, the BULL, first. For beginners, try hitting over 400 points.

# CRICKET COUNT-UP

Precisely hit your intended target!

## Rules

Players need to hit the designated STANDARD CRICKET game numbers such as 20 for round 1, 19 for the next round and so on (20 to 15 and BULL). Compete for the highest score!

## Tip!

Since the players can only score from the designated numbers, this game is very difficult for beginners. First start by aiming for 250 points.

# SHOOT OUT

Your score can jump! Major upheaval possible!

## Rules

Number of hits" × "Number of open areas" is the points you score. The later in the game it gets, the more opportunity you have to get a high score. However, you can only hit a number once.

## Tip!

By the end, the multiplication rate can reach 20 times or more, so the tip is to aim for lower points at the beginning when the multiplication rate is low and leave the larger numbers for the latter half of the game. If you are not sure what to hit, hit the illuminated numbers.

# HALF-IT

Thrilling! If you miss, your points will be halved.

## Rules

Players start with 40 points, and they must hit the designated number for each round to win additional points. If players miss all 3 throws, their points are halved.

## Tip!

Hit the designated number at least once in a round so your points will not to be halved.

# 04 PARTY GAMES

DARTSLIVE3 THE GAME GUIDE

Enjoy multiple mini games!

## Rules

20 mini games available only on DARTSLIVE3. You can enjoy a new game every time you play.

## Tip!

The game may change to "DEVIL MODE" suddenly! So it is hard to predict who will win.

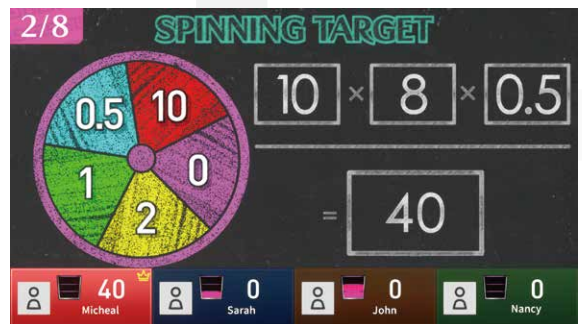

Popular casino game. Hit HIGH or LOW target as designated.

DEVIL MODE suddenly changes the level of difficulty for each player!

The multiplication rate changes for each throw in this mysterious COUNT-UP. Hit high scores!

Dartboard illuminates and revolves. Can you hit the color you aimed at?

# PARTY COLLECTION

Extensive variety of games!

## Rules

Fun mini games for all players, from beginners to advanced. Five of the 6 games will be selected randomly.

## Tip!

Have fun together in finding a strategy to complete the game!  
Will hitting the BULL be effective?

# WALL BREAKER

Stress buster! Crash them all!

## Rules

Fire a cannon at the wall and break it down in this game. Special blocks such as iron blocks and explosive blocks appear in the middle of the game.

## Tip!

Destroy as many blocks as you can with special blocks!

# FISH TRIANGLE

## Throw darts and catch many fish!?

### Rules

Make a triangle with 3 darts and enclose the fish in it. Points differ depending on the number and type of fish you catch.

### Tip!

Sharks and treasure box can give you a high score. Aim at them carefully.

# SURVIVOR

## Be a pirate and sink your enemy ships!

### Rules

Players start with 300 lives (points). In each round a number is assigned to each player, if you hit the number of another player, his/her score will be reduced. If you hit your assigned number, you will have the points added to your total points. The game ends for the player whose score becomes 0.

### Tip!

If you hit BULL, other players' score will be reduced. (Single BULL: 10 points, Double BULL: 20 points)

## The Grip

There are different types of grips, so try to find one that suits you best.

### Three Fingers

Hold the dart with your index finger and thumb and use your middle finger to support the dart.

Very stable!

### 4-finger grip

Easy to throw!

### 2-finger grip

### Where to Grip

Balance the dart on your index finger until it's level.

Place your thumb on dart to hold that position.

Support the dart with your middle finger to complete the grip!

## Darts Stance

The stable stance make your throw more solid.

### Basic Stance!

Forward the foot on the side of the throwing hand

### Do not step over the throw line!

### Middle Stance

This makes it easier to aim and it's the standard recommended stance for beginners.

### Side-On Stance

Stand completely sideways to the board

### Front Facing Stance

Stand facing the board

## Throw

The throw consists of 4 movements:

### 01 Setup (Posture)

A posture when aiming

### 02 Pull Back

Pull a dart back

### 03 Release

Release a dart.

### 04 Follow Through

Extend your arm after the release.

Tip!

Throw the dart gently as you would a paper plane.

The throw will form an arc.
